IRM Decision on Additional Dates for Progress Reports

GCF Project **FP001 - *Building the Resilience of Wetlands in the Province of Datem del Marañón, Peru***

Date **7 January 2021**

1. This decision relates to additional progress reports to be filed by the GCF Secretariat in 2021.
2. At the time of negotiating the IRM-Secretariat Agreed Actions for the Preliminary Inquiry into FP001 in 2019, it was anticipated that all four agreed action items would be completed by 31 December 2019, and due dates for progress reports were agreed up until that date.
3. As it became clear that the four action items would not be completed by the end of 2019, additional due dates for progress reports for 2020 were agreed.
4. Given that item 4 is still ongoing as a result of Covid-19 restrictions, the IRM and the GCF Secretariat have agreed that the GCF Secretariat will submit further progress reports by **30 June 2021**, and by **31 December 2021**, and that these reports will be provided regardless of whether or not item 4 has been completed as at that date.
